DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed on March 31, 2009 has been considered and entered in full.
2. Applicant's amendments to the claims as filed in the amendment have been considered and are persuasive; therefore all the rejections and objections on the respective claims have been withdrawn.

Reasons of Allowance:

3. Claims 2 and 4-14 (renumbered as 1-12) are allowed.

The following is an examiner's statement of reasons of allowance:

The reasons of allowance for claims 2 and 4-14 should be evident from the applicant's arguments with respect to the amended claims in view of the previous office action mailed on 01/12/2009. Upon further analysis of claims 2, 5, 7-8 and 10, examiner here asserts that these claims are a method/process claims which contains an inherent machine or apparatus that performs the method/process because these claims recites "transforming the pixel data by compression" and since pixels being digital elements, processing of digital elements can only be done using a machine or apparatus. Therefore, 35 USC 101 rejections on these claims and all the claims depending on these claims have been withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Manav Seth whose telephone number is (571) 272-7456. The examiner can normally be reached on Monday to Friday from 8:30 am to 5:00 pm.
